DIXON, ILLINOIS SATURDAY SEPTEMBER 28 1912

Dixon Daily Telegraph Twenty-Ninth Year No229

## SANDERS PLEADS "NOT GUILTY"

MAN ACCUSED OF MURDER OF  
WIFE AND MOTHER-IN-LAW  
WAS IN COURT.

### CASE CONTINUED UNTIL NEXT TERM

Small Audience Witnessed Proceedings in Court This Morning—Prisoner Well Dressed and Seemingly at Ease.

As was predicted in Friday evening's issue of the Telegraph, Attorney John E. Erwin, representing Warren Sanders, obtained a continuance of his hearing until the next term of the circuit court, when the young man was arraigned before Judge O. E. Heard this morning.

When Sanders was brought into the court room by Deputy Sheriff Phillips at 9:30 o'clock there were but four spectators in the court room. The prisoner was clean shaven, wore clean linen and presented a tidy appearance. If he experienced any extraordinary nervousness it failed to show in his actions or his voice, for his tones were firm and audible in every corner of the room when, in answer to Judge Heard's question, he answered "not guilty" to the charge.

#### Let Dewey Take Clothes.

Sanders had just gotten out of bed before being brought before the court, as he had let Claud Dewey, the fellow who recently submitted to an operation for the removal of a bullet from his back, wear his suit for his last trip to the hospital this morning.

Therefore, when he was brought into court he yawned several times, but exhibited no uneasiness. Before he was asked to enter his plea to the two indictments for murder, returned by the last grand jury, Attorney Erwin moved to quash the indictments, which was promptly overruled by the court.

#### Pleaded Not Guilty.

He was then asked by the court what plea he wished to make to the two indictments against him, and he answered promptly and firmly, "Not guilty."

Mr. Erwin then presented affidavits to the effect that there has not been sufficient time to prepare the defense since he was engaged as counsel for the prisoner, setting forth that there are many features to be investigated in Cook county, witnesses to examine and further that he, as attorney in the case, has several other important cases set for trial at the term of court and asking that the case be continued until the next term of court. Judge Heard granted the motion for a continuance and at once adjourned the court until 1:30 p. m. next Monday.

#### Chatted With Attorney.

Sanders remained seated in the court until 1:30 o'clock on next part of which time he was in conference with his attorney. He chatted with newspaper men and Deputy Phillips before being taken back to jail.

#### PROGRESSIVES MET

##### LAST EVENING

The progressive campaign in Dixon was opened last evening at Jones hall in Dementtown, where a fair sized crowd met to hear the arguments of Attorneys Clyde Smith and John E. Erwin, and the statements of the various candidates on the county ticket. Committeeman W. H. Fleming presided at the meeting.

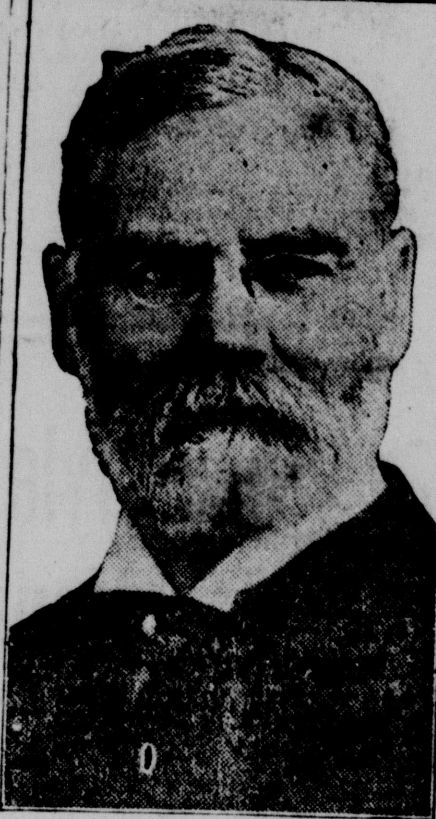

#### LICENSED TO WED

A marriage license was issued this afternoon to Harry L. Billmire of Ashton and Miss Eva R. Rathbun of Rochelle.

#### GAVE AWAY FRECKLE CREAM

George Campbell gave away today fifty large trial jars of Wilson's Freckle Cream to the first 50 ladies calling at his store. It is a dainty toilet preparation and one which every lady should have on her dressing table.

JAMES R. MANN

Congressman James R. Mann of Chicago, Republican leader of the house, announces that if he is re-elected in November he will be a candidate for speaker.

### OPEN AIR MEETING TO BE HELD TONIGHT

#### THE BOY EVANGELIST ATTRACTING ATTENTION OF ALL — TO MEET DOWN TOWN TONIGHT, NIGHT.

Many people attended the evangelistic services at the West Side church last evening to hear Eljoseph Raycroft, the wonderful boy preacher. His preaching holds the rapt attention of all and much good is being accomplished.

This evening an open air service will be held at the corner of Peoria avenue and First street at 8 o'clock. There will be services tomorrow at 2:30 for children at the church and at 7:30 the service for adults will be held. There is good music and all are invited to come.

### TRIAL LIST OF THIS TERM DWINDLES

#### POSTPONEMENT AND SETTLEMENT OF CASES CUTS DOWN BUSINESS.

The September term of circuit court which a week ago gave indications of being one of exceptional business, now promises to be especially light. Case after case is being settled and the postponement of the trial of the murder cases until next term removes considerable work from this term's docket. Although the trial list was very long, present indications are that few cases listed will come to trial.

### MRS. E. W. OSBORN DIED THIS MORNING

#### FORMER DIXON WOMAN PASSED AWAY IN ST. LOUIS—FUNERAL HERE

A host of friends in Dixon will be shocked to learn that Mrs. Amanda Osborn, wife of E. W. Osborn, a former resident of Dixon, died at her home in St. Louis, at 5:30 o'clock this morning. The remains will be brought to Dixon tonight for burial. They will be taken to the home of her daughter, Mrs. Irene Gaul, 1133 Long Ave., from where the funeral will be held. Mrs. Osborn left Dixon with her husband about six years ago, moving to St. Louis from this city. In addition to her husband and daughter, she is survived by three sons: Clarence of this city, Arthur of Leaf River, and Wesley of St. Louis. Funeral arrangements and obituary will be published Monday.

#### LICENSED TO WED

A marriage license was issued yesterday to Harry Yocum of Ashton and Miss Grace Metzler of Dixon.

### ROSY PROSPECT AT "Y" THIS WINTER

A TEMPTING PROGRAM FOR THE  
YEAR HAS BEEN PREPARED  
AND ISSUED.

#### CAMPAIGN STARTS IN EARNEST

Local Y. M. C. A. Officials Working Hard to Make Coming Year Even Better Than Past One—Read the Plans.

The plans for the coming year at the Y. M. C. A., which were announced by Sec. E. T. Bailey at the public reception at the building last evening, indicate the most productive and successful year in the history of the association; work that has never before been attempted in Dixon will be pushed forward and the association, which during the first year of Mr. Bailey's secretaryship has become a factor in the spiritual, physical and mental life of the community, will progress even further.

A large crowd attended the reception last evening, enjoying the pleasant entertainment provided. Dr. McWethy, president of the association, presided at the reception, and his able manner assisted much in making the affair a success. There was an illustrated lecture on New York City by Dr. R. M. Crissman, three humorous readings by Carl C. Countryman, a friend of Mr. Bailey who happened to be passing through Dixon on a motorcycle and some very interesting events by the gym classes.

#### Interesting Stunts.

Among these were an indoor circus by 10 boys and 3 clowns showing many interesting stunts, Noah's Ark, some tumbling by Milton Vaughn and Sanford Hutchinson, and a mock track meet. In the track meet there were standing broad grin, hammer throw in which the contestants threw an inflated bag, a mile walk, the contestants walking around the room with their feet tied together, a 220 yard dash which consisted of the quick adding of two columns of figures which totaled 220, and the 20 Century Limited, the really amusing event of the meet, in which two full grown contestants raced to chew about 20 yards of string to get a chocolate bar which was on the end of the cord. Following the stunts and the speeches by E. B. Raymond and Sec. Bailey in which the plans for the year were announced, ice cream cones were served by the captains of the membership campaign teams, H. E. Senneff of the Reds and A. L. Livingston of the Blues. The Spa which was opened for the season yesterday, did a very flourishing business also as the home made eatables there have always been an attraction.

#### Plans for the Year.

The prospectus for the year's work, as outlined by Mr. Bailey, insures a most active season at the association in every department. The membership campaign will prove a fit start for the year of hustle, for the two teams have started to work in earnest, and the big thermometer which has been hung outside of the building, shows that the Blues were 50 points ahead today. It is hoped to boost the membership from 360, its present mark, to 500, which is all that is believed can be taken care of by the building facilities. In addition to these 500, however, 75 lady members are desired. The high membership last year was 410. For the benefit of all interested in watching the thermometer it is explained that every new member will count 5 points, a renewal 3, and 1 point will be awarded for each dollar collected.

#### Physical Department.

The physical department under the direction of Charles Webster and his assistant, N. A. Eichenberg, will be an especially busy one. The regular forms in exercise and recreational games have been adopted for the course of instruction, and physical examination of all young men and boys will be insisted upon before

### DARING HOLD-UP IN FREEPORT

TWO MEN WALKED INTO SALOON  
AND GOT \$50 FROM CASH  
REGISTER.

#### LOCKED BARTENDERS IN ICE BOX

Owner and Bartender Ordered Into Refrigerator at Point of Revolvers and Kept There While Money Drawer Was Frisked — Men Were Captured at Polo.

Freeport, Sept. 28—Special—This city was the scene of the most daring holdup and robbery in its history last night when two masked men entered a local saloon, locked the attendants in an ice box, rifled the cash register and made away with its contents, during the early part of the evening.

The robbers, who have since been captured in Polo, entered Frank Schoeffler's saloon on Galena street last evening at 9:45. The proprietor and his bartender and one man sleeping in a chair, were the only occupants of the place. The men, who kept their faces covered from the eyes of their victims, drew revolvers and ordered Schoeffler and his bartender into the refrigerator. One of the men, a tall, light haired fellow, closed the door behind the frightened saloonmen and stood on guard while his companion, who was shorter and was dark complected, went through the drawer of the cash register. He found \$50 there and took it, and the bandits fled from the room.

Ten minutes later the proprietor got hold of the chief of police and told him of the robbery. He immediately started to comb the city for the men, but could not find them although one person was found who had seen them going in a southerly direction.

This morning word came that men answering their description were in Polo, Ill., 12 miles north of Dixon, and the chief of police went to that place, found his birds and arrested them. They were taken back to Freeport this evening.

### RALPH LIEVAN HURT WHEN GUN EXPLODED

#### BOY'S ARM WAS SHATTERED ON SATURDAY WHEN A MUZZLE LOADER BLEW UP.

Ralph Lievan, son of Mr. and Mrs. Wm. Lievan, living on Route 1 was the victim of a serious accident Friday noon at his home when an old muzzle loading shot gun, with which he had been experimenting, exploded and drove a charge through his forearm, shattering the bone.

The lad, who is 17 years old, was practicing at marksmanship and had loaded the old gun with too heavy a charge. He threw a tin can into the air, took aim at it and pulled the trigger, and the too powerful load in the gun ripped the barrel open on the side, inflicting terrible damage.

#### CHRISTIAN CHURCH.

Rev. Mary Moreland will occupy the pulpit at the Christian church tomorrow morning and evening. She will preach at 10:45 and 7:30 and will deliver a sermon under the auspices of the W. C. T. U. Miss Moreland has been a successful pastor in the Congregational church for 20 years and has held several prominent pastorates. She is at present the state evangelist for the W. C. T. U. and everybody is cordially invited to hear her. Mr. Fordham will preach Sunday morning, Oct. 6.

Fred Grant, who is employed by the Brown Shoe company of Murphysboro, will spend Sunday with his family here.

Mrs. J. D. Van Bibber and children went to Polo Friday to visit her sister, Mrs. Chas. Powell.

### HEAR GOV. DENEEN IN DIXON MONDAY AFTERNOON AT 2:45

A PARTY OF NOTED STATE OFFICIALS WILL ADDRESS DIXON VOTERS

#### INTRODUCED BY ATTY. CRABTREE

Everyone Should Make it a Point to Take the Time to Hear These Men And Thereby Learn of the Situation in Politics in Illinois

The local republicans are anticipating a great day in Dixon for the party on Monday, when Gov. Chas. S. Deneen, Lieutenant Governor Jno. Oglesby, Secretary of State C. J. Doyle, Attorney General Wm. Stead, Auditor Jas. S. McCullough, candidates for re-election and election on the republican ticket, and Hon. Andrew Russell, candidate for state treasurer, and Hon. B. M. Chipfield, and Hon. Wm. E. Mason, candidates for congressmen at large will be at the Northwestern depot in this city for thirty-five minutes, being due here at 2:45 o'clock, and will speak to the voters congregated there.

There will undoubtedly be many ladies present also, for they not only will desire to see the distinguished statesmen, but the women of this day and age, especially the women of Dixon, are beginning to take an active interest in politics. They will be interested in seeing and hearing the men who constitute the administration of the previous term, and who have done so much for Illinois in the way of getting through good, clean, helpful, progressive legislation, and laws that protect and aid the women and children of the working classes.

Everyone should want to hear the speeches that these men will make and find out what the republican candidates of this state stand for. Find out what they have done in the past and what is more to the point, what they will do in the future if they are given the opportunity.

The Governor and his party will be met at Rochelle by a small delegation from Dixon, and when they arrive in this city, they will be introduced by Attorney John B. Crabtree.

Set aside three quarters of an hour Monday afternoon for the investigation of the political situation as it is in Illinois.

The electioneering party will also stop at Rochelle, Franklin Grove, Ashton, and Sterling Monday afternoon, as previously stated in this paper.

### CENTRAL EMPLOYEE KILLED AT FREEPORT

#### MAN ATTEMPTED TO RUN AHEAD OF ENGINE; STUMBLERED TO HIS DEATH.

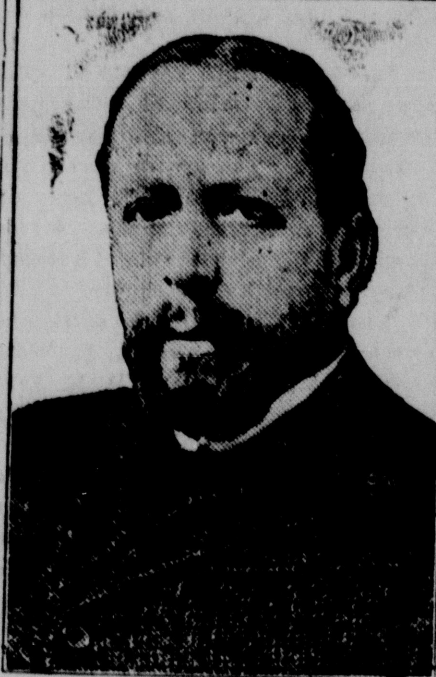

Freeport, Sept. 28—Special to Telegraph—Nicholas Antesea, a Greek, was killed at the I. C. yards in this city last evening at 6 o'clock, when he was struck and run over by a switch engine.

Antesea, who was employed in the round house, was going home from work in company of a crowd of his countrymen. They were walking down the tracks when a switch engine, pushing a tender ahead of it, approached. The unfortunate man saw the engine coming but tried to run ahead of it along the track. His foot caught on a protruding tie and he stumbled to his eternity, for the iron monster was upon him before he could roll out of its path, the tender struck him and life was extinguished instantly.

A coroner's jury, which met at 9 o'clock last night, pronounced that he came to his tragic end in an accidental manner.

Jule Stoddard of Sterling was in town yesterday.

DR. L. O. HOWARD

Dr. Howard, government entomologist, has returned to Washington from Europe, having induced England, Belgium and Holland to agree to put into operation a system of government inspection of plants.

### WILBUR ARMSTRONG HURT BY AUTOMOBILE

#### BOY'S BICYCLE COLLIDES WITH PROF. MILLER'S CAR—ACCIDENT UNAVOIDABLE

Wilbur, the 13 year old son of Mr. and Mrs. John D. Armstrong of 922 Jackson avenue, suffered a dislocated knee and minor bruises in a collision between his bicycle and Prof. L. W. Miller's automobile, driven by Mr. Miller's son Stanley, at noon today. The accident occurred at the Third street arch and according to all evidence was unavoidable.

It appears that the Armstrong boy was riding behind a coal wagon and that as he got under the arch he turned out to go past the wagon and turned right in front of the auto, which was coming east. The distance was too short for Mr. Miller to stop the car and of course the collision resulted.

The auto was stopped as quickly as possible and Miller assisted in carrying Armstrong into the residence of Herbert Rossiter, where his injuries were cared for, after which he was taken to his home. Prof. Miller called at the Armstrong home after dinner and assured the family of his sorrow that the accident occurred and his willingness to replace the broken bicycle and to stand good for any damages.

#### HAS INFANTILE PARALYSIS.

The 17-year old son of John Smythe of Palmyra is thought to be afflicted with infantile paralysis. A little 3-year old grandson of Mr. Smythe had the disease first.

### ENORMOUS RUSH FOR VOLUMES

#### Dictionary Distribution Draws Many — The Stock of Books Replenished and More Coming.

Coupon clippers are claiming the entire edition of the New Websterian 1912 Dictionary Illustrated just as fast as the railroads can deliver the output of the publisher's printing presses to the office of the Telegraph. Six coupons clipped from consecutive issues and a small expense bonus turns the trick.

Those who planned the educational opportunity offered in the dictionary distribution are pleased with the ready response and indorsement received.

The better class of people—thinkers who have helped and are helping to make Dixon a synonym for progress—have hourly crowded the Dictionary department during the past two days. They have nothing but praise for the dictionary and for the newspaper which offers it.

So great is the demand from the more fastidious class of coupon clippers for the beautiful flexible leather bound No. 1 dictionaries that the stock was exhausted. Fortunately a supply had been held in reserve and a second distribution of the coveted copies was commenced and the dictionary department looked almost like a bargain counter crush.

### DECIDING GAME OCCURS TOMORROW

ONLY BAD WEATHER CAN STOP  
GAME AND LOCALS ARE ANXIOUS FOR THE PRIZE.

#### LADIES ARE ADMITTED FREE

Weather Man Has a Run Outlook, But We Hope To See Double—Game Scheduled to Start at 3 P. M.

Weather forecast for Northern Illinois—Unsettled with probably showers Sunday.

The above announcement doesn't bring a great deal of joy to the Dixon Stars or the fans, for if the weather man is sure of his statement the championship game between the Stars and Sterling West Ends, which is scheduled to be played at Athletic park at 3 p. m. tomorrow, may have to be postponed or called off.

However, there is a general hope that the weather boss is off in this prediction as he is in others, and that the day will give a chance for the game. One thing is certain, if there is any possibility to play the game it will be played, and the fans are given to understand that if it is not raining real rain at 3 o'clock the game will be started.

And it will be some game. The winners will take all of the gate receipts, the losers to pay all expenses and the championship of the two cities goes to the aggregation that makes the most runs. And if the day is cloudy each team will make an especial effort to get and retain the lead in the first five innings, so if it does storm the victory will count, as five innings constitute a game.

Valle of Dixon and Lingle of Sterling will umpire, ladies will be admitted free and the teams will line up:

Dixon	Sterling
Burke 2b	B. McCormick 3b
C. Keenan 3b	Flock ss
Hunter 1f	L. Conlon c

#### TRYON ROSBROOK

##### HAS NEW SILO

Oscar and Thomas Young and Amos Rosworth built a silo about a week ago for Tryon Rosbrook on his farm. Today the silo is being filled and there are 18 men working at the Rosbrook farm, who dine there at dinner and supper. Mrs. Rosbrook cooks for a large family today.

## Social Happenings

September 25, 26, 27, 28, 29, 30

Are truthful, conscientious, pure in nature, somewhat prudish, musical, fond of poetry, studious, mathematical, somewhat doubtful of your ability; have an intensity of nature that may mislead. Still, you have immense power for good. You love to read, but if a woman of family, will sacrifice this desire. There are not many loose ends about things in your house.

### AUTUMN

The first blush of autumn is tinging the maple. Splashes of crimson and daubs of orange will soon brighten the woods. Here and there a random patch of corn is ruffled by the morning wind. Slopes once luscious and lush, glitter in the hard sun light, and through the stubble the southbound birds pause to glean for random grains. Fat stacks of amber spot the meadows. Clover has lost its purple glow, and hangs a singed and drooping head. The first wedge of wild geese honk through the high heavens, and vagrant companies of teal and mallard are diving into promising ponds. Night falls with swifter wings, and a faint chill, harbinging of frost, tingles in the starlit air. The peach trees are bare and the orchard ground is scarlet with fallen pippins. The leaves drop in a steady flutter. Splashes of dull gray pattern the turf. The harvest moon rides the roof of the world. Logs crackle and spit in the hearth. The barn is fragrant with winter fodder; the crops are sold; the labor of long months has ended. Peace and quiet and rest settle upon the farm.—Herbert Kaufman in Woman's World for October.

### Attended Wedding

George F. Schafer of Ashton left Tuesday morning for Dysart, Ia., to attend the wedding of his nephew, Julius Schafer, to Miss Catherine Schnell, which took place this week. Mr. Schafer will remain at Dysart for a week's visit with relatives and friends.

### Motored to Dixon

Henry Griese, Mrs. William Schlusser, Mrs. Henry Schnell, and Mrs. Fred Mehlhausen of Ashton, motored to Dixon last Thursday and returned with their sister, Mrs. John A. Kerst and two sons, Adam and Earl. Mrs. Kerst and children will visit in Ashton while Mr. Kerst is arranging to move his family from Dixon to Freeport.

### K. & L. S. Installation

At a meeting of the Knights and Ladies of Security Wednesday evening officers for the ensuing year were installed. F. T. Barto of Freeport was the installing officer, and the following were the officers installed:

President—Maud Kime  
First Vice President—Elizabeth Close.  
Second Vice President—Margaret Lease.  
Prelate—Rhoda Flater  
Secretary—Mary Berrard  
Financier—Marie B. Hetler  
Conductor—John Burke  
Guard—Elizabeth Burke  
Three new members were initiated. After the meeting a social hour was enjoyed and refreshments of ice cream and cake were served.

**Williams-Marsh**  
On Wednesday, Sept. 18th, at high noon, at the home of Mr. and Mrs. J. H. Williams occurred the marriage of their daughter Grace Mae, to George Eldred Marsh. Rev. L. E. Conner of Cleveland, O., performed the ceremony.

The house was tastefully decorated in white and green for the occasion. Miss Maud Cross, cousin of the bride, sang, "O Promise Me," after which the couple took their places under a canopy of smilax and white asters.

The bride wore a gown of white crepe-de-chine, trimmed with pearl trimmings, and carried a bouquet of white roses. The groom wore a suit of black. Immediately after the ceremony a dinner was served. Many useful and beautiful presents were received by the couple.

Those present from a distance were: Mr. and Mrs. R. L. Wood, Austin; Mr. and Mrs. P. N. Judd, Sugar Grove, and G. M. Booth, Aurora.

The young couple left on the evening train for Indiana and southern Illinois and on returning will move to Marshalltown, Ia. Their many friends wish them a prosperous and happy journey through life.

### Many Enjoyed Elks' Dance.

Twenty-five couples enjoyed the opening of the social season at the Elks' club last evening, an informal dance being the attraction. The Marquette orchestra furnished the music.

### Social at Woosung.

There was a social last evening at the school house at Woosung. The pleasant affair was very well attended and everyone had a fine time. The management has purchased a piano and it is now being paid for. Delicious refreshments were served.

### Spent Day With Mrs. Swartz

Mrs. C. H. Anderson and Mrs. P. J. Gullion, both of Dixon were entertained yesterday at the hospitable home of Mrs. Bert Swartz in Palmyra.

### Chicken Pie Dinner

The Ladies Aid society of the Christian church will have a chicken pie dinner at the church on Saturday, Oct. 5th.

### At Kugler Home.

Mrs. Jennie Allen will be entertained tomorrow at the home of Mr. and Mrs. Will Kugler of Harmon.

### Senior Dance.

The senior class of the south side high school gave a most enjoyable dancing party last evening in Rosbrook hall. Slothower's orchestra furnished the music and a good time is reported by all who attended the affair.

### Gave Dinner.

Mrs. Fred Dimick entertained a few friends at dinner last evening.

### Farewell Party.

Last evening at the home of Mrs. Fred Breisch a farewell party was given for Mrs. Wm. Kelley which was attended by 15 guests. A delightful evening was spent and the surprise was complete. Games and music supplied the diversions for the evening. Delicious refreshments of ice cream, cake, fruit and coffee were served. A gift of some fine table linen was made to Mrs. Kelly, who appreciated the handsome present very much. Monday Mr. and Mrs. Wm. Kelley and children leave for Philadelphia to reside.

### Dance at Illini Hall.

Pat Devine and a few others gave a dancing party last evening at Illini hall in Grandy which was attended by 25 couples. A very happy evening was enjoyed. Delicious refreshments were served. Music was furnished by Miss Bernice Morgan, piano, and Ernie Hetler, drums.

### Week End Guests.

## TROOPS KILL 1 IN STRIKE RIOT

Two Other Persons Wounded By National Guardsmen at Augusta, Ga.

## TRIED TO CROSS "DEAD LINE"

Further Trouble Is Expected In Street Car Labor War In Southern City—Company Refused to Arbitrate Differences.

Augusta, Ga., Sept. 28.—Governor Brown issued a proclamation declaring "the city of Augusta to be in a state of insurrection" and ordering the immediate enforcement of martial law.

Augusta, Ga., Sept. 28.—One citizen was killed, another probably fatally shot, a third less seriously injured and a number of persons fired upon by state guardsmen called out to protect the power plant of the local street railway company from possible violence of its striking employees. The guardsmen were summoned when it was reported the plant was to be dynamited and they hastily established a "dead line."

**Shot Through Lungs.**  
Alfred Dorn was killed when he and Ben F. Baker attempted to pass the line in a buggy. When challenged, Baker whipped up his horse and the soldiers fired. Dorn literally was shot to pieces and Baker was shot, but not dangerously wounded.

Robert Christie attempted to drive through the lines in an automobile and it is said did not hear the sentry's challenge. He had gone but a few feet when he was shot through the lungs and at the hospital it is said he is not expected to live.

Charles Wilson, his wife and child, in an automobile, also were fired on, but escaped unhurt. Soldiers also shot at a boy on a motorcycle, but did not hit him.

News of the shooting spread rapidly and attracted thousands to the scene of the trouble.

**Bridge Is Spiked.**  
At the same time great crowds were assembling in the mill district, which was the scene of Thursday night's rioting. Just before dark the West end sympathizers spiked the long Broad street bridge.

Despite the announcement early in the day that the proposed mass meeting had been called off by the labor leaders, a large crowd assembled at the courthouse.

The outbreak was the direct result of the refusal of the street railway company to arbitrate the troubles with the striking men. This was announced after it had been stated on behalf of the strikers that they were "going to accept arbitration."

## A Poor Weak Woman

As she is termed, will endure bravely and patiently agonies which a strong man would give way under. The fact is women are more patient than they ought to be under such troubles. Every woman ought to know that she may obtain the most experienced medical advice free of charge and in absolute confidence and privacy by writing to the World's Dispensary Medical Association, R. V. Pierce, M. D., President, Buffalo, N. Y. Dr. Pierce has been chief consulting physician of the Invalids' Hotel and Surgical Institute, of Buffalo, N. Y., for many years and has had a wider practical experience in the treatment of women's diseases than any other physician in this country. His medicines are world-famous for their astonishing efficacy.

The most perfect remedy ever devised for weak and delicate women is Dr. Pierce's Favorite Prescription.

IT MAKES WEAK WOMEN STRONG, SICK WOMEN WELL.

The many and varied symptoms of woman's peculiar ailments are fully set forth in Plain English in the People's Medical Adviser (1008 pages), a newly revised and up-to-date Edition of which, cloth-bound, will be mailed free on receipt of 31 one-cent stamps to pay cost of mailing only. Address as above.

## When Style and Economy Go Hand in Hand

Every woman wants to buy the best. This has been our inspiration in selecting fall stocks for our women's wear department.

It is the chief reason why we have adopted Wooltex coats and suits and skirts as leaders.

In Wooltex garments we are able to show styles which are the latest and best that Paris has produced

The happy union of Wooltex style with pure-wool fabrics and the best tailoring that America knows, puts Wooltex garments on a quality basis which no other makers of women's wear have attained.

Its always economy to buy the best—and in Wooltex you get the best at prices as low as you must ordinarily pay for ordinary garments.

Don't wait—come while the selection is at its best.

A Sterling man says education is

could, but that it has never gotten  
there yet.

The congregation of the Hardshell  
church, at a meeting last evening de-  
cided that they wanted to give the  
sexton something to let him know  
that his long years of service were  
appreciated, and a church meeting  
was therefore held for that purpose.  
After several speeches and much argu-  
ment it was decided to give him  
the grass from the lawn after he had  
cut it, and as the sexton keeps a cow  
this token of esteem was greatly ap-  
preciated.

## LIFE COMPANY IS SUED

Bankers' Insurance Association's Offi-  
cers Charged With Conspiracy.

Indianapolis, Ind., Sept. 28.—Charles  
W. McLaughlin of Portland, Ind., on  
behalf of himself and 158,000 other  
members of the Bankers' Life asso-  
ciation of Des Moines, Ia., filed suit in  
the superior court for an accounting,  
judgment and immediate appointment  
of a receiver for the Bankers' Life as-  
sociation and the Bankers' Life com-  
pany and for the possession and con-  
trol of \$15,000,000 assets is asked.

McLaughlin charges conspiracy on  
the part of the officers and directors  
of the defendant corporations to get  
control of the assets, divert the funds  
from their proper use and trust char-  
acter, and deprive the plaintiffs of  
their interest without compensation.

Because of Enormous Falling Off in  
Earnings No Dividends Are Paid.

New York, Sept. 28.—A shrinkage  
of \$7,848,895 in net corporate income  
compared with the previous year, re-  
flects the havoc worked upon the Illi-  
nois Central Railroad company by its  
strike of shopmen, an unusually se-  
vere winter and floods on its south-  
ern lines during the spring.

Because of this enormous falling  
off in earnings, the annual report is-  
sued says, the company was unable  
to pay any dividends during the year.  
Cessation of payments to sharehold-  
ers, however, enabled the company  
to carry \$3,404,966 to surplus amount,  
which on the fiscal year totaled \$10,  
522,190.

St. Louis, Sept. 28.—A year's chase,  
following the \$320,000 bank robbery  
in New Westminster, B. C., ended in  
St. Louis in the arrest of J. C. Adams,  
who was declared to be wanted as  
one of the robbers. The arrest of his

"Really does" put bad stomachs in  
order—"really does" overcome indi-  
gestion, dyspepsia, gas, heartburn  
and sourness in five minutes—that—  
just that—makes Pape's Diapiesin  
the largest selling stomach regulator  
in the world. If what you eat fer-  
ments into stubborn lumps, you belch  
gas and eructate sour, indigested  
food and acid; head is dizzy and  
aches; breath foul; tongue coated;  
your insides filled with bile and indi-  
gestible waste, remember the moment  
diapiesin comes in contact with the  
stomach all such distress vanishes.  
It's truly astonishing—almost mar-  
velous, and the joy is its harmlessness.

A large fifty-cent case of Pape's  
Diapiesin will give you a hundred dol-  
lars' worth of satisfaction or your  
druggist hands you your money back.

It's worth its weight in gold to men

## 18th YEAR IN DIXON DR. PRETTYMAN

For over 17 years Dr. Prettyman has been coming to Dixon ever  
four weeks. What he has accomplished in the time is a matter of history  
surface it to say it has made him a reputation that no other specialist  
has ever attained nor can hope to attain in this vicinity.

### His Work Speaks for Itself

The doctor keeps abreast of the times by devoting all his spare  
time to clinical work in the Chicago hospitals. He is not content to rest  
on laurels already won but he is on the alert for anything and every-  
thing that will assist him in diagnosing and treating many cases that  
come before him. In 1909 he had special work in hospitals of London  
and Edinburgh and is enthusiastic over the results attained.

### You Can Depend Upon Him

Others can come and go but Dr. Prettyman continues his visits reg-  
ularly and does as he agrees in every case. In employing him you are as-  
sured not only the best results but that he will be here for years to

## DIXON COLLEGE NOTES

Miss Ada Hardesty departed for Chicago Thursday evening, and her many friends in Dixon and elsewhere will be pleased to know that on next Wednesday she is to become the bride of Mr. Wood, who was a former student of Dixon College.

Dr. Crissman, pastor of the Presbyterian church in Dixon, was with us Friday morning and led the chapel exercises. He also gave a very interesting talk along the line of influences, carefulness, optimism, pessimism, depression, poisonous kind, etc., were analyzed. He emphasized the importance of optimism and suggested that all be cheerful. Don't be an ice berg, don't radiate poison. Be an optimist. He also suggested that everybody should go out as a booster for Dixon College. The student body and faculty were loud in their appreciation of the substance of his talk and we hope he may be with us again soon.

Our foot ball team is now fully organized and Coach Fingal is quite optimistic and feels that he has now the best squadron he has had in line since he has been with us as coach. There are eight of last year's regulars on deck for the season and a good squad of recruits in line for competition. Capt. Kemper, who was considered one of the best tackles in the minor colleges of the state last year, looks better than ever; and he is putting plenty of vim and ginger into the team. "Kemper" knows much about the game and has the rare faculty of imparting his knowledge of the same to others. The team is fittingly proud of such capable members. The back field will be the same as last year with the exception of Joe Slack, who has taken Brown's place at full. This leaves a half-back for Fingal to drill into shape. Some new faces will appear in the end position, the timber for which has not been fully tried out. Hogan, a local athlete, is a fixture at center. In the other line positions, such veterans as Capt. Kemper, Abe and Bill Byerhoff. This in addition to the new material in reserve will produce more less comprehension for the places. Generally speaking, the foot ball prospects were never brighter. In view of the degree of foot ball intelligence possessed by the candidates and members of the team generally, it is evident that a strong team will be developed.

## LIQUOR KILLED 66,000

13,200 Women in U. S. Died  
From Drinking.154,373 Infants Slain by Lack of Care  
by Mother, Says Hospital  
Nurse.

Washington, Sept. 28.—That 66,000 deaths due to alcohol occur annually in the United States was the conclusion reached here by Dr. Edward Bunnell Phelps, editor of the American Underwriter, in an address before the International Congress of Hygiene and Demography.

These figures are confined to adult deaths and constitute five per cent. of the deaths of people of all ages in this country.

The speaker stated that these figures were the result of the first serious attempt ever made in this country to reduce to specific figures the number of victims alcohol claims every year in America. There have been many so-called "estimates," said Doctor Phelps, by people who were prejudiced either on one side or the other, but these were merely "guesses." For instance, some of the prohibitionist actuaries had put the number of alcoholic victims in the United States up to 680,000 a year. These figures Dr. Phelps denounces as "absurd."

Of these deaths from alcohol Dr. Phelps figures that about 20 per cent. of them are women.

"In the United States in 1910 there were 154,373 babies who died before they were one year old," was the declaration of Miss Clara D. Noyes of Bellevue hospital.

"In facing this appalling early slaughter of the innocent," said Miss Noyes, "we cannot ignore a single contributing factor. The conclusion seems to lie in intelligent motherhood, and we are aware that 50 per cent. of all the births are attended by a class of untaught and untrained women who as a rule are densely ignorant and unspeakably dirty. We are neglecting at the fountain head the health and possible wealth of our nation."

## MAN LEAPS IN NIAGARA

Insurance Papers Show Suicide Was  
Frank I. Parker of Buffalo.

Niagara Falls, N. Y., Sept. 28.—Workmen on the Canadian side of Niagara river reported that they had seen a man vault the iron rail just above the brink below the falls and fall among the rocks and spray, 200 feet below. Shortly after, the police picked up a derby hat, business cards and insurance papers bearing the name "Frank I. Parker, Buffalo, N. Y."

Parker, who was a captain in the Seventy-fourth regiment, New York National Guard, had been in poor health for several months. He has been missing since Wednesday.

starting the work and afterward. The men can secure these examinations, also, if they desire, but it will not be insisted upon. The examinations will be given by the physical directors and one of the following physicians: Dr. Lehman, Dr. Ives, Dr. Baird and Dr. Trowbridge. During the winter many gym stunts will be staged, including a circus, indoor track meets and grammar school meets. All gym classes will start next week, the business men's class first session being a hike to Lowell park next Monday afternoon where a beefsteak fry, Kit Carson as chef, will be the feature. The men will leave the association building at 3:30 p. m. Monday and will walk to the park and return.

## Gym Class Schedule.

The following schedule has been arranged for the gym classes this winter:

Senior Young Men—Mondays, Thursdays and Saturdays from 8:15 to 9:15 p. m.

Business Men—Monday and Fridays from 5:00 to 6:00 p. m.

Juniors—Tuesdays and Saturdays from 4:15 to 6:15 p. m.

Employed Juniors—Wednesdays and Fridays from 6:45 to 8 p. m., and Saturdays from 9:30 to 10:30 a. m.

Leaders—Mondays and Thursdays from 7 to 8 p. m.

Academy—Wednesdays from 2 to 4:30 p. m.

Ladies—Thursdays from 2:30 to 3:30 p. m.

Young Ladies—Thursdays from 4 to 5 p. m.

## Social Department.

Extensive arrangements for some good times have been arranged by the social department. Once every month there will be a "stag" affair, for men only, at which there will be some good old fashioned times, and it is planned to have a general public social once a month, to be in charge of the young peoples' societies of the Dixon churches, the society to furnish the program, refreshments, etc. The first of these socials will be given Friday evening, Oct. 11, and the Epworth League of the M. E. church will be in charge.

In addition to the socials, it is planned to form a congress and de-

bating society of the young men of the city. The boys will hold socials frequently, also.

## Religious Work.

Four Bible classes will be organized in the association this winter; there will be Sunday afternoon meetings for men, a federation of the men of all the churches will be formed; there will be noon shop meetings in the various factories, in each of which Bible classes will be formed, and during the winter a series of 6 lectures will be given showing "A Trip Through Palestine," during which 800 photographic stereopticon views of the Holy Land will be exhibited.

## Boys' Department.

More attention is to be paid the boys this year than ever before. Once every three weeks the boys will have a taffy pull, etc. and some time there will be a Father and Son banquet, to which each boy will be allowed to invite his father. A boys' Bible class will also be organized and there Mr. Bailey, after reviewing his last Sunday visit.

## Educational Plans.

Many features have been arranged for in this department and from time to time during the winter there will be many features, the details to be announced later. It is also planned to have many practical talks for the boys, when they will be addressed by local physicians, lawyers, business men, bankers, real estate men, etc.

## Men's Club.

The sessions of the Men's club this year are to be made especially attractive, and already replies have been received from noted speakers, indicating that high class talent will be received for these events. Among the noted men who have signified their willingness to appear before the club is Henry Barnett Chmaberlain, managing editor of the Chicago Record Herald.

## Bailey Thanks Friends.

During the reception last evening Mark Smith is home for an over

year's work and outlining his hopes for the future, expressed his thanks to all who have assisted him with their support and good wishes. And he also called attention to the fact that the local Y. M. C. A. is becoming a training school for Y. M. C. A. workers. Each of his assistants this year are new men, who have signified their intention of making association labor their life work, and in addition four Dixon young men are taking special training here to prepare themselves to follow this work.

# ROYAL BAKING POWDER

Adds Healthful Qualities to the Food

*Prof. Prescott, of the University of Michigan, explains why Royal Baking Powder adds healthful qualities to the food.*

Testifying before the Pure Food Committee of Congress, the Professor stated that fruit acids were excellent articles of food and that of these cream of tartar, the acid of grapes, held rank with the highest both in itself and its effect in the process of leavening and baking. He regarded the results from cream of tartar baking powder as favorable to health. Scientists and hygienists are in accord with this opinion.

*Royal is the only Baking Powder made from Royal Grape Cream of Tartar.*

## DEMOCRATS ENDORSE ALBERT HANNEKAN

THEY GET UP A RESOLUTION TO FAVOR THE YOUTHFUL CANDIDATE.

Whereas: The democrats of Lee county, by a unanimous vote, at the recent primary election nominated Albert H. Hannekan of Dixon as the candidate of that party for the office of states attorney, and,

Whereas: We recognize in him a young man of sterling character, unusual ability and extraordinary attainments, who is in all ways fitted to perform the high duties of that office, and,

Whereas: We know that he has come from the ranks of the plain people and by his dauntless courage has struggled through adversity to his present deserved success, and,

Whereas, though a native of Illinois, yet he is of German parentage and speaks and reads that language to such a degree of perfection that he is in frequent demand as an interpreter in the courts of this county, and,

Whereas: Although Lee county is largely populated with German speaking citizens, yet through the machinations of partisan political machinery this race has been denied the privilege of having a representative in county office in this county and has never had one in such office, and,

Whereas: From our intimate acquaintance with Mr. Hannekan we know that he, if elected, will perform the arduous duties of the office of states attorney with fidelity and ability, therefore,

Be It Resolved: That we, the members of the "Hannekan Club" in mass meeting assembled, without regard to past political affiliations, do hereby endorse the candidacy of Albert H. Hannekan for states attorney of Lee county, and we do bespeak the favorable consideration of the electors of this county in his behalf.

## Dramatic Notes

### GRAUSTARK

Grace Hayward's dramatization of the popular novel "Graustark" will be the attraction at the Dixon opera house for Wednesday, Oct. 2.

The play opens in Edelweis with the arrival of Grenfall Lorry and Harry Angus, wealthy young Americans, the former in search of a pretty girl with whom he became acquainted in America. Both of the men get adventures in plenty, for within a few hours after their arrival they overhear a plot to abduct the ruling princess of the principality.

They decide to frustrate the plot themselves and trail the villains to the castle. Lorry enters the princess room thinking it is that of Lad. Dagmar, her attendant. The abductors shortly enter and in the fight following Lorry is wounded. The princess grateful for his having saved her life, has him nursed back to health in the castle; here they finally reveal to each other mutual love.

The dramatization of Graustark is along romantic lines and there are numerous climaxes and situations. The scenic investment is an elaborate one and the company equal to their individual parts.

As a dramatization of one of the popular novels, Graustark, as presented, is well worth seeing.

### PRINCESS THEATRE.

The Princess theatre will show a sensational southern drama this evening called In Old Tennessee. The play is in two reels and deals with the life of the moonshiners. The other picture is The Trapper's Daughter, a film of absorbing interest.

### DIXON OPERA HOUSE

If the opening vaudeville bill at the opera house last evening was a criterion of what is to follow each week, the lovers of this line of amusement will have a treat in store for the balance of the season. The Loveland Family, musical artists, rendered a program in every way the equal of any concert company playing the lecture courses and was of a very high order. Their program which consists of instrumental and vocal numbers and their selections were well chosen and pleased all classes. Corral, Chatham & Keating, a vocal trio, have a very clever act called At Crows Nest Inn. Their vocal numbers and their selections freshening and new.

### "THE THIEF" WAS GOOD.

The production of "The Thief" at the Dixon opera house Thursday evening was one of the best. Dixon has seen in a long time. The play is a wonderful one and carries a forceful sermon with it. No one can sit through a production of the play without being deeply impressed and without going home a better person. The management of the Dixon opera house is making an honest and highly successful effort to give Dixon the best plays that America affords and Dixon people appreciate it, as is testified by the size of the audiences that attend them. The play, Graustark, next week is another excellent show.

### Be Modest.

Never seem to affect the character in which you wish to shine. Modesty is the only sure bait when you angle for praise. By modesty I do not mean timidity and awkward bashfulness. On the contrary, be inwardly firm and steady, know your own value, but take care to let nobody discover that you know it. Whatever real merit you have, other people will discover and people always magnify their own discoveries, as they lessen those of others.—Lord Chesterfield.

## Orrine Cures Whiskey And Beer Habit

ORRINE is the standard remedy and is everywhere recognized as the most successful and reliable home treatment for the "Drink Habit." It is highly praised by thousands of women, because it has restored their loved ones to lives of sobriety and usefulness, and the weekly wages which at one time were spent for "Drink" are now used to purchase the necessities and many comforts for home. Any wife or mother who wants to save her husband or son from "Drink" will be glad to know that she can purchase ORRINE at

## NINE BILLIONS IN VALUE OF CROPS

Secretary Wilson, After Western Tour, Declares Outlook Best He Ever Saw.

### SEES HOPE FOR LOW BEEF

Prices Will Come Down When People Stop Eating Calves and Homesteaders Raise Cattle, He Says.

Chicago, Sept. 28.—Nine millions of dollars have been added to the national wealth by the phenomenal crops of 1912, and the era of unexampled prosperity for all classes is dawning, according to Secretary James Wilson of the department of agriculture, who made a brief stop in Chicago on his way to Washington after a tour of the western states. On this tour he made observations on which he will base his annual estimates.

Declaring that homesteading in the west, which in a large measure accounts for the bumper crop, is also responsible for the high price of beef, which will go still higher before it falls to normal again, Secretary Wilson said:

"The killing of calves must be stopped if the rise in the cost of living is to be checked. Beef is more healthful than veal, and there is every reason in favor of raising beef. The increase in the price of meats leads to a corresponding increase in the price of all necessities. The solution of the problem is in the hands of the people themselves. If there is no market for veal, there will be no calves slaughtered.

"Just as soon as this truth is realized, and the homesteaders have become well enough established to take up the breeding of cattle in addition to their agriculture, the cattle industry will be revived, but never after the fashion of the old days of wastefulness.

More Work for Factories. "The nine billion dollar crop being harvested means that factories will work overtime to turn out products that the farmers will buy with their money; seeking investment, these billions will act as a tonic on finance.

"Most farmers nowadays want automobiles and long-distance telephones.

Biggest Crop in 57 Years. "Spending their wealth for improved machinery and up-to-date appliances, they share their prosperity with all classes, so that the vast wealth drawn from the soil this year means almost as much to city dwellers as to the farmers.

"The present crop is the greatest I have ever seen in fifty-seven years of agricultural experience. Even frost cannot materially damage the corn crop now."

## The Days Grow Shorter

Nature moves in cycles. Therefore, those incidents of our daily lives which have to do with Nature, occur with approximate regularity

A few months ago your electric light bill grew beautifully less in proportion to the increased hours of daylight. The shrinkage was augmented by the departure of various members of the family for vacations, by your enjoyment of the long, dusky evenings on the porch and by numerous other causes which make electric lights less necessary during the summer months.

Likely enough, when you paid your electric light bill last month you noticed how these same natural causes are once more at work in inverse order, forcing your bill back to normal winter figures.

Or you will notice it this month. And when you do just think of the added hours you are using lights—think of the added pleasure and comfort and the greater safety that follow the free use of electric current during the gloomy winter season.

Later Bedtime

Dark Mornings

Afternoon Social Functions

Early Twilights

More Night Study

And remember that your pro rata expense is the same—that it costs no more to use your electric lights or electric appliances at one season than it does at another.

The housewife who saw drudgery disappear when electric labor saving appliances came into her home, never thinks of losing their advantages during the winter months, simply because more electric current is used for lighting. She knows they cost her no more to use and are equally essential to her comfort.

The freer use of electric lights makes winter more pleasant and new pleasures and satisfaction follow the introduction of each electrical appliance into your home.

The only advice in the use of current for light or to operate appliances is advice that will suggest itself to you—DON'T WASTE THE CURRENT. SNAP IT OFF WHEN IT ISN'T NECESSARY.

## FEEDING ALFALFA.

## Tests at Experiment Stations Emphasize Feeding Value of Crop—The Cow That Beat World's Record Was Fed Alfalfa.

Timothy and clover have always been regarded in this country as staple hays and they have served us well, but there is another forage, though not so well known to us, of which there appears no record when it was not, in some portion of the world, known and appreciated. Alfalfa is being successfully grown by farmers successfully in every state of the union and it is only a matter of a short time until it will be surely grown to greater or less extent on every farm in Illinois. This fact being recognized, the various agricultural experiment stations have been making tests to determine its feed-

ing value and the following is a brief resume of some of the more important results obtained:

Nebraska Bulletin No. 109 says: Under conditions existing on most farms a ton of good bright alfalfa hay is worth about the same as a ton of wheat bran or shorts; possibly more.

## Wintering Cattle.

Missouri Bulletin No. 75 says: For wintering yearling cattle alfalfa in its best condition is without a doubt more efficient than either clover or cowpea hay.

The New Mexico station fed two-year-old range steers, averaging 550 pounds, on alfalfa alone and secured a gain of 206 pounds per steer in 120 days.

The Utah station reports a test in which 100 pounds of gain from alfalfa feeding to cattle cost \$3.76;

from timothy \$4.71 and from corn fodder \$6.21.

**One Ton Yields 800 Pounds Pork**  
At the Nebraska station hog ration of pork was made from one ton of alfalfa hay and 770 pounds from an acre of alfalfa pasture.

At the Nebraska station hog rations consisting of 1-4th alfalfa hay showed the hay worth its weight in corn meal and superior to the same of bran.

The Iowa station made pig pork at \$2.84 per 100 pounds and realized 71.1 cents per bushel for corn; with alfalfa and corn, pork cost \$2.88 per 100 and corn returned 86.6 cents per bushel—a difference of 33 1-3 per cent in favor of the alfalfa.

## Lambs Gain 50 Per Cent.

The Nebraska station found that lambs fed alfalfa hay and corn made 50 per cent more gain than with a small quantity of grain will

those fed sorghum hay and corn and that nearly 200 pounds more grain and 200 pounds more roughage were required to make 100 pounds of gain on those fed sorghum and corn.

## Fine for Horses.

The Utah station found that 1400 pound horses at hard work could be maintained in condition on 32.6 lbs. of alfalfa hay per day and when at rest 20 pounds was sufficient for the same horses.

"The idea that alfalfa hay is not suitable for horses has been proven erroneous by thousands of farmers, teamsters and livery men; many use no other hay. If there is any trouble it comes from feeding more than is needed. With access to unlimited quantities horses may injure themselves by eating too much. From 10 to 20 pounds of alfalfa hay per day made 50 per cent more gain than with a small quantity of grain will

keep work horses in thrifty condition at a saving of 20 to 30 per cent in cost of maintenance."—F. D. Coburn, Kas.

## In Milk Production.

An Illinois station test showed an acre yield of four tons of alfalfa hay and a half of timothy, the timothy worth \$16 per ton, an acre of alfalfa was worth \$68.44 more than an acre of timothy in milk production, under the conditions of the experiment and with milk at \$1.30 per hundred pounds.

The New Jersey station concluded that in feeding value three pounds of alfalfa is equivalent to one of cottonseed meal. When alfalfa was tested against wheat bran, dried brewers' grain saving in cost of milk was 12.7 cents per hundred and 2.3 cents per pound of butter. The milk value of an acre of alfalfa was \$74. Loretta D., the great Jersey cow

that beat the world's record at the St. Louis world's fair, was fed alfalfa, as were those other cows that helped in making dairy history.

Alfalfa is not a rival of clover or timothy. It is absolutely in a class by itself.—Illinois Farmers' Institute.

## TOO MUCH MEAT CAUSES RHEUMATISM

THE AVERAGE CITIZEN CONSUMES MORE THAN IS GOOD FOR HIM.

In the early days of American history the explorer, the pioneer, the frontiersman and herder found meat the easiest food secured and at times the only food available. Until most of the good land in this country had been occupied game and other meat was cheap, so we Americans came to use much more meat per capita than the people of Europe or Asia. Now we eat much meat, more because of an established custom rather than need. There have been philosophers who have abstained from meat, but until recently the idea has prevailed and does yet among those who are not well informed, that meat eating is essential for physical strength.

## Reduction and Efficiency.

The 10 per cent of proteid in the diet may be obtained entirely from the vegetable kingdom. Then why not reduce our meat consumption to the advantage of not only our pocket books, but of our general health?—Illinois Farmers' Institute, Springfield, Ill.

The facts are that many have found that by gradually reducing the proportion of meat in the diet, they feel quite as well as when using a larger amount; they find themselves more alert and able to accomplish their work with less fatigue; that ailments are less frequent and that their mental condition has improved.

## Ten Per Cent Sufficient.

Prof. Chittenden, director of the Sheffield Scientific school, by a long series of experiments, has shown that the amount of proteid, or nitrogenous food, required to maintain health and vigor is much less than has been assumed was needed. In the average American diet, proteid constitutes about 30 per cent of the entire food consumed, but Prof. Chittenden has found that 10 per cent is entirely sufficient for any person, no matter whether he is a student or a laborer, and that a surplus of meat, eggs and cheese, does more harm in the body than a surplus of other kinds of food, because they putrefy readily and their use in greater quantity than necessary loads the blood with toxic substances which are harmful.

## Less Meat—Less Rheumatism.

There appears to be considerable evidence that colds, rheumatism and some other ailments are much less frequent in those who do not use an excess of meat and it is asserted that advancing age is not so perceptible.

## DESCRIPTION OF THE NEW 1912 Websterian Dictionary ILLUSTRATED WITH LATEST UNITED STATES CENSUS

This most convenient and latest of all Dictionaries is based on Noah Webster's Dictionary, printed from new type and profusely illustrated in color, is revised and brought right up to 1912 by the most recent American and English authorities, designed to meet every demand of a modern and reliable Dictionary.

It includes all words in the English language that do not properly belong to a Dictionary of Technical Terms. In fact, its recent publication and careful revision by the greatest authorities in the world enable it to define and treat a large number of words recent coinage that cannot be found in any other Dictionary, no matter how cumbersome and pretentious.

Surprising results are obtained in looking up the spelling, pronunciation and definition of a host of words which have been incorporated into our language only yesterday, as it were. Take, for instance: Volplane, Arerobot, Pylon, Cavitation Biplane, etc., introduced as a result of recent aeronautical activity also such new words as: Brainstorm, Biliken, Cordite, Denatured, Dunnite, Joy Ride, etc.—also Okapi, an animal allied to the Giraffe, and brought into prominence through ex-President Roosevelt's explorations in Africa—also Hookworm, Letter gram, Nickelodeon, Stovaine, Hangar, Equilibrator, etc.

Thus the evidences of painstaking and up-to-date compilation are found on every hand.

### The Best Treatment for Itching Scalps, Dandruff and Falling Hair

To allay itching and irritation of the scalp, prevent dry, thin and falling hair, remove crusts, scales and dandruff, and promote the growth and beauty of the hair, the following special treatment is most effective, agreeable and economical. On retiring, comb the hair out straight all around, then begin at the side and make a parting, gently rubbing Cuticura ointment into the parting with a bit of soft flannel held over the end of the finger. Anoint additional partings about half an inch apart until the whole scalp has been treated. The purpose being to get the Cuticura ointment on the scalp skin rather than on the hair. The next morning, shampoo with Cuticura soap and hot water. Shampoos alone may be used as often as agreeable, but once or twice a month is generally sufficient for this special treatment for women's hair. Cuticura soap and ointment sold everywhere. Sample of each mailed free, with 25c. Skin Book. Address "Cuticura," Dept. 3, Boston.

For tender-faced men shave in comfort with Cuticura soap shaving stick, 25c. Sample free.

Speaking of the Divorce Evil

Trying to succeed in business without advertising is like the case of the man who, trying to outspend, divorced his wife and alone attempted to keep house and raise his children. It cost him more money for doctor bills and funeral expenses in a year than he gave his wife in a lifetime.

When advertising is divorced, business success becomes failure.

This paper is building your neighbor's business. He has reasons. He tried advertising and it helped him. It is not an experiment—this paper brings results. Good, hard, convincing results—dollars.

TO AILING WOMEN

A LITTLE SOUND ADVICE WILL HELP MANY A SUFFERER IN DIXON

No woman should consider herself healthy and well if the kidneys are weak. Poisons that pass off in the secretions when the kidneys are well, are retained in the body when the kidneys are disordered. If the kidneys and bladder become inflamed and swollen worse troubles may quickly follow. This is often the cause of bearing-down pains, lameness, backache, etc. Uric poisoning is a frequent cause of headaches, dizzy spells, languor, nervousness, and rheumatic pains.

When suffering so, try Doan's Kidney Pills, remedy that has proven effective in thousands of such cases. Let a Dixon woman tell of her experience.

Mrs. F. E. Self, 1009 Highland Ave., Dixon, Ill., says: "The use of Doan's Kidney Pills has been very beneficial to me. I am glad to recommend this remedy for kidney trouble and backache."

The above statement must carry conviction to the mind of every reader. Don't simply ask for a kidney remedy—ask DISTINCTLY for DOAN'S KIDNEY PILLS, the same backed by home testimony. 50c, all stores. Foster-Milburn Co., Props., Buffalo, N. Y.

United States Gunboat Arrives.

The opportune arrival of the American gunboat Des Moines at Vera Cruz came as a welcome relief to the state department officials, who feared for the safety of Americans and their property there. The Des Moines carried 60 marines and a landing force of 175 sailors, all of whom could be put ashore on short notice to guard the consulate and protect other American property in the vicinity.

Reports from the extreme southern and northern sections of the republic indicate that the federalists are gaining control of the situation in these regions. Zapata remained uncaptured, but his men have moved to the mountains of Vera Cruz.

Rebels Steal \$36,000.

Juarez, Mex., Sept. 28.—Rebels raided the camp of William Orr, a contractor employed by the Mexican Northwestern railway, and forced the American to give over his pay roll, amounting to about \$14,000, equipment valued at \$12,000 and about \$10,000 in commissary supplies. A report of the raid, which occurred Wednesday, was received by railway officials and Orr's friends. One report says the contractor was maltreated by the rebels and was injured.

Senate Report on Mexico Ready.

Los Angeles, Cal., Sept. 28.—The senate subcommittee which has been investigating the affairs of Mexico for the past two years, the period taking in the Madero and Orozco rebellions, has practically concluded its labors at the Hotel Alexandria and will in the near future submit its report and recommendations to the senate committee on foreign relations. The report will be a voluminous document and will set forth these three important features:

That the evidence produced before the investigators points to the necessity for the United States to intervene in Mexico in order that American and American interests be protected.

That the evidence proves conclusively that no American money was used in financing the Orozco rebellion.

That the evidence tends to establish the claim that American funds were used to finance the Madero revolution, and the report will point the finger of suspicion at two large corporations. Positive proof of the latter, however, may not be forthcoming.

POSSE IN AUTOS SAVE MAN

Tramp Molder, Charged With Serious Offense, Nearly Lynched.

Racine, Wis., Sept. 28.—Telephones and automobiles played a conspicuous part in the rescue of George Morton, a tramp molder, at Corliss, when Morton, charged with a serious offense, was about to be lynched in true southern style. A crowd of more than 100 men and boys gathered and Morton, after being fearfully kicked and pounded, was being led to a nearby coal hoist, the mob bent on lynching, when Sheriff Wherrier and two automobile loads of deputies arrived and took Morton away from his captors.

SUSPENDERS TAFT GIFT

Boots and Bar of Soap Are Among Town's Presents to President.

Malden, Mass., Sept. 28.—The city of Malden presented to President Taft a pair of suspenders, a sweater, a pair of rubber boots, a bar of soap and samples of everything made in this town. The president, who was the honor guest of Malden's old home week celebration, left for Beverly shortly after noon, going by automobile to Lynn, where he picked up Senator Lodge.

U. S. THREATENS TO LAND TROOPS

Cruiser Levels Guns Off Vera Cruz, Mex., and Marines Plan to Land.

Will Protect All Americans

Fear of Massacre by Foreigners Alleviated by Appearance of Battleships—Senate Sub-Committee's Report Practically Ready.

Washington, Sept. 28.—That American marines and bluejackets may be landed at Vera Cruz, Mex., within the next few days unless revolutionary disturbances in that section cease was stated by several state department officials, who admitted they were worried at the conditions in eastern and central Mexico.

The Madero government, having successfully quelled the revolt in the northern part of the republic, has apparently driven all the Zapatistas and a few of Orozco's followers into the neighborhood of Vera Cruz, and conditions there are reported as being very bad.

The opportune arrival of the American gunboat Des Moines at Vera Cruz came as a welcome relief to the state department officials, who feared for the safety of Americans and their property there. The Des Moines carried 60 marines and a landing force of 175 sailors, all of whom could be put ashore on short notice to guard the consulate and protect other American property in the vicinity.

YOUNG ASTOR IS HOME

SAYS HE IS "TOO BUSY FOR LOVE OR SOCIETY."

"No Time for Anything But Work," His Reply to Rumors of Engagement to Miss Webb.

New York, Sept. 28.—Vincent Astor, worth \$75,000,000, who reached New York on board the Mauretania, admits that he is a busy man.

When asked if he is in love with or engaged to Miss Laura Webb, daughter of Millionaire F. Edgerton Webb, who also arrived on the Mauretania, he said he was "too busy for love; too busy for society; too busy to go to college."

"I have my work to do," he added, "and I have no time for anything else."

The young millionaire looks five years older than he did before his father went down on the Titanic. His whole manner has changed from that of the diffident, uncertain boy to that of the man who has been thinking about himself and his life, and has been thinking hard.

"Many people," he said, "think I am to be pitied for the great amount of money I have. If it were money alone that I have I should agree with these people. But I have not only my money—I have other things. I have my work and I have my mother, whom I care the world for, and with her and my work I don't think I am much to be pitied."

TURKISH TROOPS SLAY MANY

Women and Children Are Massacred by Moslems on Island of Samos.

London, England, Sept. 28.—A dispatch to the Times from Constantinople says the Turkish troops in the island of Samos got out of hand and killed many women and children.

It was announced that, acting on the advice of the French ambassador, supported by the other ambassadors, the Porte has postponed the maneuvers in Adrianople.

Neck Broken in Auto Wreck.

## PICKED TO KILL TAFT

Member of Band of Anarchists Chosen to Slay President Arrested.

Pittsburg, Pa., Sept. 28.—Carlos Ceznar, who jumped in front of an east-bound Pennsylvania train here Wednesday, is said now by the police to have been one of a band of anarchists who meet each Sunday at a cobbler's shop here, and to have been assigned last Sunday to kill President Taft, who was visiting Altoona. Chosen by lot, he is believed to have lost his nerve and, fearing to face the wrath of the band, threw himself in front of the train.
